LETTER OF RECOMMENDATION

To whom it may concern

CJSC BERLIN-PHARMA has confirmed to us that LLC PHARMA GROUP successfully completed the "BERLIN-CHEMIE/MENARINI Solid Dosage Forms Production Plant" construction project in Kaluga.

When implementing the above project, the company in question demonstrated its high professionalism, proving itself to be a stable enterprise and a reliable business partner.

Since the company is skilled at establishing partnership-based cooperation with clients, it rightfully in our opinion enjoys a leading position in the pharmaceutical engineering business.

We have been collaborating with LLC PHARMA GROUP since 2010, and it has succeeded in realising a number of complex architectural, technical and engineering tasks during this period.

As part of the delivery of the project mentioned above, LLC PHARMA GROUP provided:

- Data analysis and selection of the ground area for construction;
- Concept design, basic design and detailed design documentation preparation;
- Project management, construction supervision;
- Turn-key construction packages, including construction and installation work, supply and installation of clean room facilities, as well as supply, installation and commissioning of utilities systems;
- DQ, IQ, OQ qualifications;
- Complete package of engineering services and consulting support for the project.

The qualified personnel from LLC PHARMA GROUP are fully conversant with all types of project and technical documents, including those in foreign languages, and have shown a high degree of competence in work organisation and management.

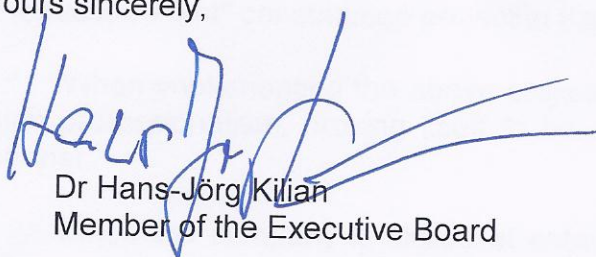

All the company's obligations regarding completion of the project were fulfilled on time, in the agreed scope and in strict compliance with our requirements, GMP and the valid Russian norms and regulations.

Based on the above, we can state that our choice of LLC PHARMA GROUP has proved to be fully and entirely sound and justified. We intend to continue our cooperation with LLC PHARMA GROUP in the future.

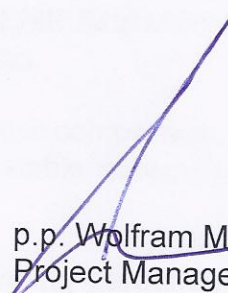

We would additionally like to mention the added value of LLC PHARMA GROUP, its focus on further successful growth and well-being – as evidenced by the professional execution of turn-key projects for other companies in the pharmaceutical engineering business.

We value our working relationship with LCC PHARMA GROUP highly and can recommend this company without hesitation as a reliable and professional partner for delivering turn-key projects.

Yours sincerely,

Dr Hans-Jörg Kilian
Member of the Executive Board
